SUBJECT	DTDORIC/QKACTIVE/Operations PBCHORD Communications	RE: "43-3" - (CHECK "X" ONE) <input type="checkbox"/> MARKED FOR INDEXING <input checked="" type="checkbox"/> XX NO INDEXING REQUIRED	
ACTION REQUIRED	As described in Paragraph 3		INDEXING CAN BE JUDGED BY QUALIFIED HQ. DESK ONLY
REFERENCE(S)	<p>1. As KUWOLF is aware (and as [] can describe in detail) the entire PBCHORD communications file has for sometime been made available to the Munich KUWOLF representative through [] office. However, as a result of a New York directive of September 15th, the Munich department heads of PBCHORD are no longer required to make available all communications to us but can select the material at their own discretion. An internal PBCHORD message amplifying the directive is forwarded under separate cover.</p> <p>2. In the past it has been extremely helpful to the Munich KUWOLF officer to have the complete file for review. It allows him to keep abreast of PBCHORD business and problems without the necessity of holding extensive meetings with the various officials involved. As a result of the President's directive, some of the PBCHORD communications are being withheld both from [] office and from us. (This is particularly true of administrative memoranda).</p> <p>3. In a meeting with [] on 11 October, [] said that he had discussed the directive with Grover W. Manogoff during the latter's recent visit to Munich. [] said that Manogoff had assured him that the directive would not mean any interruption of the PBCHORD correspondence copies flowing to the Munich KUWOLF office. Inasmuch as some department heads may make a further cutback in materials supplied to us, however, [] asked that an inquiry be sent to Manogoff through KUBARK channels to reconfirm Manogoff's statement to [] that there would be no interruption in the local flow to KUWOLF. If Manogoff does reaffirm this intent, [] will in turn take steps to insure that all correspondence is provided to us as before.</p>

copies to McGrane Kelley

When you prepared the September 6 job description which accompanied your memorandum you had not, of course, seen the President's directive on communications of September 15. It is the intent of the President's directive that each of the executives listed be solely and entirely responsible for distribution, safekeeping and/or filing all copies of all communications including telexes and cables initiated or received by his own office. This responsibility includes selection of material for transmission to the BOT. It was specifically assigned to each of these executives for his own area in order to speed communications and to make any central clearing point unnecessary.
